

GT-315C

Adhesive Light Trap

The GT-315C is a wall-mounted insect trap which is designed for **enhanced attraction** and use in confined spaces. The 2.37" depth of the trap allows its use in narrow hallways or on kitchen walls where crowding is a concern. The easy-access door allows simple replacement of the UV insect lamps. The large adhesive board can be changed without opening the front grill. Position trap 4' to 6' above floor for best results.

Remove Adhesive Board w/o Opening Front Grill

Concealment Design To Hide Insects
